

Dear Senior All-Star,

I am deeply sorry about what happened during this All-Star season. All-Stars is supposed to be a time to recognize your achievement and give you the opportunity to showcase your talents to the community. I regret that this experience fell short of that.

I hope that what happened doesn't diminish your enjoyment of baseball. Your participation in All-Stars is part of your long and illustrious career in youth baseball. Whether you decide to return to Saddleback Little League or play elsewhere, I hope you'll continue to participate in a sport you've excelled at for so long.

I also hope you'll remember that you're an All-Star because you deserve it. Nothing that has happened in the past few weeks takes away from the hard work and dedication you've shown all season long.

I wish you the best of luck and may what happened just be a small bump on your road to success.

Sincerely,

Matthew Stern
President
Saddleback Little League
